From the desk of President

Engineer friends,

I am happy that the programs are continuing & the fellowship is widening its horizons. In the month of Jan'04 we had a Picnic to Sardar Sarovar Dam site where the 40 members & their families had the rare opportunity of seeing the Power Generating Control Room located in the Tunnel. All the arrangements of transport, catering & site seeing were very nicely managed with the untiring efforts of Er. Kalpesh Bhatt & Bipinbhai Bhatt.

On 27th march we had a presentation of Unique System of "Prevention of Entry Of Termites in the premises" by M/S Pestcone Pest Control Services & Bayer India Ltd. A novel Israel method of dosing the chemicals by dripping through small bore PVC pipe. You are aware that the RCC Chimneys in the Industries are lined with Special Refractories to protect it from high temperatures thereby increase its longevity. One such chimney at GNFC is presently under Inspection & Maintenance after a period of about 20 years. We are arranging a visit at the site of this chimney on 18/4/04. All the members are requested to keep this day free for the visit of this Rare Life Time Opportunity in the life of Professional Engineers. Presently the School, Board & College examinations of our children are in progress. I wish them Best Of Luck. Good Bye & Hari Om.

EVENTS:

Visit to Sardar Sarovar Dam on 21.12.2003

The family tour to Kevadiya Colony and Sardar Sarovar Dam site was made on 21.12.2003.

The group of about fifty persons started at 7.00 in the morning from the Narmadanagar GNFC township. With tea and snacks at Hotel Swagat at Rajpipla reached Kevadiya Colony at 10.00 AM.

Executive Engineer Shri Gajjar and Assistant Engineer Shri Mishra showed the model and gave detailed information of the project.

The view point is the best place of attraction to all the family members and children, with the gigantic view of the dam and waters in vastness.

The basins, dissipation chambers, air duck channel, cranes, batching plant with the topographical backing was very interesting.

The power plant tunnel, execution of civil and mechanical turbine works gave the actual vastness of the project being talked and read very often.

The trip to the head regulator along the rock fill dams and reservoirs excited the family with the idea and the beauty of the area.

Thus, in addition to the civil engineering aspect of the dam and related works the family enjoyed and nature and vastness of the work.

BCEF and all the members are very thankful to the officers of the Sardar Sarovar Nigam and fellow members Shri Bipin Bhatt and Kalpesh Bhatt for the well organised and arranged tour.

PRESENTATION:

**A presentation and talk on the on
Premise, Non repellent Termiticide and
Integrated Termite Elimination Method (ITEM)**

By

**Shri Ashok Soni, Manager, Bayer India Limited.
Shri Kalpesh Joshi, PestCone Pest Control Services.**

At

**BDMA Hall, 6th Floor, Vaikunth Towers,
Opp. Polytechnic College, BHARUCH (East)**

On

March 27, 2004 Saturday

Program:

6.30 pm: Tea & registration

7.00 pm: Invitation & Introduction

7.15 pm: The Presentation

9.00 pm: Dinner

New generation products of Bayer India Limited pertaining to termicite, pesticide, anti larval, rodent control etc. Were presented with the explanation of its action and environment friendly nature. Shri Ashok Soni and Shri IGPatel from Bayer India Limited presented the matter with clips.

The novel method of anti termite treatment ITEM, by Shri Kalpesh Joshi and his team from PestCone Pest Control Services was a new and interesting aspect in the field and the members joined for questions and queries in the matter.

BCEF is thankful to Shri Kalpesh Joshi for arranging the presentation.

TECHNICAL VISIT:

The GNFC has boiler chimney aging 25 years. A thorough NDT of the same is underway in the annual shut down of the company.

A technical visit to the inspection work of the chimney is arranged o 18.04.2004 from 10.00 to 12.00 hrs. All the interested fellow engineers are requested to reach the GNFC gate by 9.45 AM.

Please bring any identification card, if available, and put on shoes.

Contact Er. GGNankani (98251-17745) or Er. Chirag Baxi (98255-67423) in advance.
