## ABOUT THE TOPIC

### “JOURNEY THROUGH THE CONCRETE JUNGLE”

By C.M. DORDI

This lecture covers Mr Dordi's experience, as a concrete expert, from a freshly qualified student to a professional of over 30 years experience. The lecture covers various aspects a student, who is academically strong, has to face when he goes out in the profession and applies his theories into practices. The lecture shows a path to both students and professionals to overcome failures by learning from mistakes, from seniors, from reading, from training etc. It covers various lessons one learns as they travel through the concrete jungle. It gives importance to understanding the workers and seniors and to ultimately build up a team. Even though journey is tough Mr Dordi shows how to enjoy work and create an environment where everyone enjoys their work. It gives guidance on how to be innovative and give ecstasy to your product users and avoid the agony. The lecture will be presented using LCD projection and the duration will be about 75 minutes. It is covered with humourous examples and events. Mr C.M. Dordi takes the participants through the concrete jungle with him probably wanting them to stay in the jungle forever.
